

“

Rudolph
Libbe’s budget
transparency and
ability to give us
options throughout
the renovation brought
our vision for this space
to life.

”

Mark Landon | President
Eastern Engineering

Eastern Engineering | Perrysburg, OH

Headquartered in Muncie, Indiana, Eastern Engineering is a distributor of large-format printing equipment in Indiana, Ohio, and Detroit, Michigan. In 2017, the company acquired Toledo Blueprint and transitioned the Toledo company’s brand to a full-service reprographics and construction information manager.

Mark Langdon, Eastern Engineering’s owner and president, found the right location for the new business - a leasable space in Perrysburg which would accommodate a showroom and engage customers as well as employees. The building owner referred him to Rudolph Libbe, which dedicates a special team to focus on construction projects under \$500,000.

RLI’s Special Accounts team served as design/build contractor and performed a fast-track tenant fit-out for the 1,500-square-foot showroom and distribution center, procuring all engineering and design work. With his RLI account manager handling all aspects of construction, Langdon was free to focus on running his business. The completed showroom and offices exceeded Langdon’s expectations, and Eastern Engineering surpassed its goal for equipment sold from the new location.

Rudolph Libbe's Special Accounts group manages construction projects ranging from \$500 to \$500,000, as well as 24/7 emergency facility services.
